7

Ship Albion of Fairhaven

Wednesday 8th November, 1854

At 6 A.M. took the anchor with pilot on board & fresh breezes from W.N.W. ~ 9 A.M. discharged the pilot & filled away to the Southward, ends with fresh gales from W.N.W. secured the anchor etc at noon double reefed the topsails ~ Sailed in company with Ships John Howland & Waverly of New Bedford ~

Thursday 9th November 1854 sea a/c ~ Begins with fresh gales from W.N.W. running S. ~ 7 PM. handed the Mainsail & Mizzen [MIZZEN] Top Sail ~ Middle part fresh gale but moderating with a heavy sea ~ [10 PM?] the Mizzen Topsail & Mainsail running S. by E. ~ at daylight set Topgallantsails over single reefed Topsails running off S. E by S. ~ Latter part moderate breezes squared the yards running S.E. employed fitting boats & craft, made sail to Main Royal.

Friday 10th November 1854

Begins with moderate breezes [BREEZES] from N.W. & fine weather running E.S.E. saw 2 ships & a schooner ~ Middle part light breezes hauling round by N. to N.E. Latter part light breezes from N.E. to E. braced up on the larboard tack ~ employed fitting boats & craft ~ saw 2 sails ~

Saturday 11th November ~ Begins with moderate breezes from E[ASTWARD]d hauling to S.E. Middle part much the same. [HAH?] tacked to the E.N.E. Latter part strong winds double reefed the topsails furled Mainsail & Gib [JIB] employed fitting boats etc ~

8

Ship Albion Outward Bound ~

Sunday 12th November, 1854. Begins with strong breezes from S[OUTWARD]d & E[ASTWARD]d on the Starboard tack. Middle part the same under double reefed topsails. Latter part set Mainsail & jib & whole Main Topsail ~ 37°.00' N.

Monday 13th Begins with stiff breezes from S[OUTWARD]d & E[ASTWARD]d on the Starboard tack, one sail in sight ~ Middle part the same from S to S.S.E. heading E by S. Latter part heading E to E by N. shook out reefs set M[AIN] T[OP] G[ALLANT] Sails Flying jib. employed fitting boats etc. saw nothing of note --

Tuesday 14th Begins with brisk winds from S[OUTHWAR]d & E[ASTWAR]d & rugged on the Starboard tack. saw school of porpoises Middle & Latter parts much the same with squalls. set Topgallantsails & took them in again 2 or 3 times ~ employed fitting boats etc ~

Wednesday 15th Begins with brisk wind from S[OUTHWAR]d & E[ASTWAR]d on the starboard tack. heading E to EN.E. passed a bark on the opposite tack, set up the Main Topmast & Top gallant rigging & backstays ~ Middle & Latter part stuck the same heading up E by S. employed fitting boats etc. saw nothing 38°.52' N. 58°.20' W.

Thursday 16th Begins with brisk winds from S[OUTHWAR]d on the starboard tack E.S.E. Saw porpoises. Middle part strong breezes hauling to S.W. steering E.S.E. Latter part strong breezes from S.W. made all sail running ESE.

9

Ship Albion Outward Bound ~

Friday 17th Novenber 1854. Begins with rugged weather & fresh breezes from S.W. running E.S.E. Saw a bark bound to the E[ASTWAR]d ~ Middle part much the same. Latter part strong breezes. furled the Mainsail & single reefed the Topsails ~. 38°.45' N.

Saturday 18th Begins with rugged weather & strong winds from S[OUTHWAR]d to S.S.W. running E by S. & E.S.E. took in the jib & double reefed the Fore & Main Topsails & furled the Mizzen. 7 P.M. furled the Fore Topsail & close reefed the Main ~ strong winds & squalls with rain ~ Middle part squally with sharp lightning. Latter part brisk winds hauling round by W. to N.W. made sail to single reefed topsails. running S.E. 38°.45' N.

Sunday 19th Begins with brisk wind from WN.W. & squalls with a rugged sea on. set whole topsails M[AIN] T[OP] G[ALLANT] Sails & Royal. running S.E. Middle part light breeze. Latter part the same. made all sail. saw nothing 37°.48' N. 46°.31' W. Chron[OMETER]

Monday 20th Begins with light airs and heavy swell. lowered all 4 boats for exercise. 2 1/2 PM. took the boats up. Middle part light baffling winds ~ Latter part brisk all sail breeze from S.E. sharp by on the Starboard tack. EN.E. Saw a Finback ~ 38°.14' N. 45°.20' West Chron[OMETER]

10

Ship Albion Outward Bound

Tuesday 21st November, 1854. Begins with fair weather & all sail breeze from SE. close hauled on the starboard tack [ILLUSTRATION IN THE RIGHT MARGIN] signalized a Spanish Frigate & saw 2 other ships & a Finback~ Middle & Latter part brisk winds from S[OUTHWAR]d on a wind E. by S. 10 AM. saw Blackfish, lowered 3 boats but saw no more of them took the boats up. rugged weather & strong breezes

Wednesday 22nd Begins with strong breezes from S[OUTHWAR]d on a wind on the Starboard tack. broke out main hatch between decks ~ Middle & Latter part[S] moderate breezes, heading E.S.E. & S. E by E. saw finbacks. broke out the Fore Hold between decks ~

Thursday 23rd Begins with fine weather & light breezes from S. to S.W. on the Starboard tack S.E. saw Finback ~ Middle part light breezes from S.W. Latter part the same from S. W to W. steering S. by E. broke out the after hold etc ~ saw one ship ~

Friday 24th Begins with fine weather & light breezes from Westward to N. W. steering S. by E. broke out between decks for sails set up the head rigging. bent & set Fore Top mast studdingsails ~ Middle part wind hauled round to the Eastward braced up on the larboard tack. Latter part variable & baffling winds & squally rain. one ship in sight.

11

Ship Albion. Outward Bound

Saturday 25 ~ Begins with variable & baffling winds with squalls of rain. Saw porpoises ~ Middle part light & variable winds Latter part moderate breezes from S[OUTHWAR]d & W[ESTWAR]d on the Starboard tack head S.S.E. & S. E by S. one sail in sight. 35°.10' W. Chron[OMETER]

Sunday 26th Brisk wind from S.W. & squally with rain, heading S.E by S. 5 PM. spoke English bark [ILLUSTRATION IN THE LEFT MARGIN] Niagara from Callao bound to London ~ Middle part brisk wind steering S.S.E. Latter part strong breeze took in Topgallantsails. 2 sails in sight 34°.22' N.

Monday 27th Begins with strong breezes from W.S.W. & rugged running S.S.E. under whole topsails ~ Middle part strong winds & rugged single reefed the topsail. Latter part moderating & hauling aft to WN.W. Shook out the reefs & set Top gallantsails. hooked & set up the bowsprit shrouds & lashed the anchors. Saw Finback.

Tuesday 28th Begins with moderate breezes from W to N.W. with some squalls of rain bent & set Fore Top mast & M[AIN] T[OP] gallant studdingsails. Middle part moderate & fine weather. Latter part the same hauling back to S.W. took in the studdingsails ~ course S.S.E.

Wednesday 29th Begins with fine weather & moderate breezes from S.W to W ~ Middle part strong breezes from S[OUTHWAR]d braced sharp double reefed the topsails. 5 AM. wore ship to WSW. Latter part strong breezes & heavy swell on the larboard tack ~ Saw nothing employed in various small jobs ~

12

Ship Albion bound to Cape Verde Islands

Thursday 30th November, 1854. Begins with strong breezes from S[OUTHWAR]d & heavy swell on the larboard tack head W.S.W. 5 PM. wore ship to the E[ASTWAR]d under doubled reefed topsails ~ Middle part much the same. 7 AM. wore back to the W[ESTWAR]d thick & rainy. 11 AM. tacked to the E[ASTWAR]d again set whole topsails ~ saw one sail ~ 29°.50' N.

Friday 1st December, 1854. Begins with moderate winds from S[OUTHWAR]d & rainy with heavy swell ~ Middle part moderate breezes hauled back to W.S.W. set Topgallantsails steering S. by E. Latter part moderate breezes with rainy weather. hauling back to the S[OUTHWAR]d 2 sails in sight

Saturday 2nd Fine weather & light breezes from S[OUTHWAR]d on the Starboard tack bent & set a main topmast Staysail ~ Middle part light breezes from W. hauling back to NW. Set the Studdingsails steering S. by W. Latter part fine weather & light breezes from N.W. employed setting up rigging etc etc ~ 28°.38' N.

Sunday 3rd Begins with fine weather & light breezes from NW, steering S. by W. employed setting up rigging etc Middle & Latter parts the same under all sail with starboard studdingsails. Saw finback ~ 27°.10' N.

Monday 4th Fine weather & light breezes from N[ORTHWA]rd & W[ESTWA]rd ,, steering S by W. saw finback Middle part light breezes from N[ORTHWA]rd,, Latter part the same ~ employed in various jobs~ 25°.34' N. 24°.17' W, Chron[OMETER]

13

Ship Albion bound to Cape Verde Islands

Tuesday 5th December, 1854. Begins with fine weather & light breezes from N[ORTHWA]rd & W[ESTWA]rd 1 PM. saw blackfish, lowered all 4 boats, but could not strike 3 PM. took the boats up wind hauled to W[ESTWA]rd & S[OUTHWA]rd braced up sharp on the Starboard tack ~ Middle part light breezes Latter part the same from W to WNW, steering S. by W. broke out the After hold etc. saw finback

Wednesday 6th Begins with fine weather & light airs from W.N.W. steering S. by W. 4 PM. lowered all 4 boats for exercise ~ 6 PM. took the boats up ~ Middle part light winds from Southward. Latter part squally & rainy from S[OUTHWA]rd on the Larboard tack, set up backstays etc

[ILLUSTRATION IN THE LEFT MARGIN] Thursday 7th Begins with squalls of wind & rain from S.S.E. on the Larboard tack to SW. 1 PM carried away the Fore Top gallant mast. Sent down the wreck & commenced making a new one. 3 P.M. double reefed the Topsails with strong winds from SSE & rugged Middle part moderate shook out reefs & set T[OP] G[ALLANT] Sails Latter part fine weather & light breezes from S.S.E. on the Larboard tack employed making Fore T[OP] G[ALLANT] Mast etc. 2 sails in sight to leeward ~

Friday 8th Begins with fine weather & light breezes from S[OUTHWA]rd & E[ASTWA]rd on the larboard tack S.W to S.S.W. Sent the Fore Top gallant mast atop & crossed the yard. Middle part moderate breezes. Latter part the same hauling to the E[ASTWA]rd steering SSW. set the Larboard studdingsails ~ Saw porpoises & dolphins ~

14

Ship Albion, bound to Cape Verde Islands

Saturday 9th December, 1854. Begins with brisk winds from E[ASTWAR]d & hauling to EN.E., running S.S.W. broke out Main hold for water etc etc ~ Middle part strong breezes took in T[OP]. G[ALLANT]. Sails, & hauled up the courses. Latter part moderate breezes & thick Smoky weather. at 7 A.M. saw the islands of St Lucia & St Vincent run down the west side of St Vincent ~ ends with moderate breezes & overcast weather.

Sunday 10th ~ At 1 PM. sent one boat in fishing & another ashore ~ 6 PM. fishing boat came on board. Middle part light breezes & rainy weather working the ship up between St Vincent & St Antonio at 9 A.M. boat came on board, stood in with the ship at 11 AM. came to anchor in Port _____ Island of St Vincent in 4 fathoms water furled sails ~ [ILLUSTRATION IN THE RIGHT MARGIN] Sunday 10th Civil a/c lying at anchor. Sent all hands on shore on liberty in the afternoon~

Monday 11th Lying at anchor. broke out the Main & after hatchways for meat, bread, flour etc, at 5 PM. took the anchor shipped 5 Portuguese & took on board fowls, hogs, etc~

Tuesday 12th At 5 PM. took the anchor with fine weather & light breezes. & went to sea Middle part brisk trades from NE to EN.E. running S to E. Latter part brisk trades.. Island of Bravo in sight unbent the cables & stowed them, set the larboard studding Sails running S.W 1/2 S. ~ 2 sails in sight

Wednesday 13th Begins with fine weather & moderate trades. carrying all sail & larboard studding Sails ~ Middle part brisk trades running S.S.W. Latter part the same. Saw 2 sails signalled a Dutch Ship & saw porpoises~

15

Ship Albion, Outward Bound ~

Thursday 14th December, 1854. Begins with fine weather & all sail breeze from E.N.E. carrying all sail & larboard studdingsails 2 sail[S] in sight. broke out between decks for Slops etc Middle part brisk trades. running S.S.W. Latter part the same with squalls of rain one sail in sight ~

Friday 15th Begins with moderate breezes from E[ASTWAR]d hauling back to SE. braced up on the larboard tack & took in studdingsails ~ broke out for beef etc ~ Middle & Latter parts brisk winds from S.E. & squally with rain etc 3 sails in sight. 11 AM. carried away the Fore Top gallantmast in the Cap. & the Main Royal mast. at the

eyes of the rigging, cleared away & sent [ILLUSTRATION IN THE LEFT MARGIN] down the wrecked ~

Saturday 16th Begins with fine weather & light S.E. winds. employed splicing Fore Top gallantmast etc. bent & set the crossjack sail ~ Middle part light S.E. winds & fine weather Latter part the same with light airs. 11 AM. Saw Sperm whales to leeward run off for them 7 sails in sight Lat[ITUDE] 7°. N.

Sunday 17th Begins with fine weather & light airs running off for the whales. 1 PM. lowered all 4 boats. struck one male whale 4 PM. got the whale to the ship The other boats chased to leeward. 6 PM. took the other boats up hove to & lay by the whale. Middle part squally with rain. Latter part the same. Cut the whale. 11 PM. made sail on the Larboard tack head to S.W. Saw 4 sails & finback. Lat[ITUDE] 6°.39 N [STAMP IN THE RIGHT BOTTOM PORTION OF THE PAGE WITH TEXT: Starboard Boat...16]

16

Ship Albion, North Atlantic Ocean ~

Monday 18th December, 1854. Begins with moderate breezes from S[OUTHWAR]d & E[ASTWAR]d close hauled on the larboard tack. 3 sails in sight & several finbacks cleared away the head etc & got ready for boiling. Middle & Latter part squally & all sorts of winds with heavy rain. several sails in sight~

Tuesday 19th Begins with overcast weather & moderate breezes from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack. 1 PM. started the fires & commenced boiling~ Middle part moderate breezes from S[OUTHWAR]d & E[ASTWAR]d Latter part the same with frequent squalls & heavy rain. finished boiling & cooled down 16 Bbls. washed off ship Saw 2 sails

Wednesday 20th Begins with light breezes from S[OUTHWAR]d & E[ASTWAR]d frequent squalls with rain Middle part the same. Latter part fine weather & light breezes several sails in sight~ setting up backstays etc ~

Thursday 21st Begins with fine weather & light breezes from S[OUTHWAR]d & E[ASTWAR]d Signalized one French & one Prussian Ship ~ Middle & Latter part brisk breezes from S[OUTHWAR]d & E[ASTWAR]d at 10 A.M. tack to the E[ASTWAR]d Several Sails in sight. employed setting up backstays etc ~

Friday 22nd Begins with brisk winds from S.S.E. splicing the Fore Top gallant mast etc 4 PM. tacked back to the S.W~ Middle part strong breezes, took in Topgallantsails & single reefed the M[IZ]z[EN] Topsail ~ 4 A.M. tacked back to the E[ASTWAR]d Latter part brisk winds Saw blackfish lowered 3 boats but did not strike. took the boats up again ~

17

Ship Albion, North Atlantic Ocean ~

Saturday 23rd December, 1854 Begins with fine weather & brisk winds from S[OUTHWAR]d & E[ASTWAR]d on the starboard tack. 1 P.M. lowered 2 boats for blackfish but could not strike. took the boats up again ~ Middle part moderate breezes, 1 P.M. tacked Ship to S.W. Latter part fine weather & light breezes. sent the Fore Top gallant mast in end saw a sail, porpoises etc ~ 2°.43' N.

Sunday 24th Fine weather & light breezes from S[OUTHWAR]d & E[ASTWAR]d sent up & crossed the Fore Top gallant yard broke out for water etc. 4 P.M. tacked to the E[ASTWAR]d Middle part light breezes heading E. & E by S. 8 PM tacked ship & tacked back again. Latter part fine weather with light breezes 9 AM. tacked ship & tacked back again one sail in sight ~

Monday 25th Begins with fine weather & light breezes from S.S.E. on the Eastern tack one sail in sight. Middle part squally with rain wind hauled round to N.E. running S. Latter part light breezes hauling back to E[ASTWAR]d 2 sails in sight~

Tuesday 26th Fine weather & light breezes from S.E to E. on the larboard tack at 2 PM saw sperm whales~ lowered all 4 boats & struck one male whale at 7 PM. got the whale to the ship fluked him & made sail ~ [STAMP IN THE RIGHT MARGIN WITH TEXT: S. Boat...10] Middle part fine weather & moderate breezes running SW on the larboard tack with the whale in tow Latter part hove to & cut in the whale spoke brig Frances Jane from Baltimore for Pernambuco~

18

Ship Albion, near the Line, Atlantic Ocean

Wednesday 27th December 1854. Begins with fine weather & moderate breezes from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack. Started the fires for boiling Middle part the same. Latter part finished & cooled down 10 Bbls 2 sails in sight. Saw blackfish & porpoises --

Thursday 28th Fine weather & light breezes on the larboard tack. signaled a French bark Middle & Latter parts much the same employed in various small jobs. crossed the line ~ 0°.42' S.

Friday 29th Begins with fine weather & all sail breeze from S.S.E. heading to SW. on the larboard tack ~ Middle & Latter parts much the same nothing in sight. 2°.36' S.

Saturday 30th Fine weather & light breezes from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack ~ Middle & Latter parts moderate breezes & fine weather heading S.S.W. Saw nothing 5°.21' S.

Sunday 31st Fine weather & all sail breeze from S.E. on the larboard tack ~ Middle & Latter parts much the same. Saw nothing ~

Monday 1st January 1855. Fine & pleasant weather & all sail breezes from S.E to E. Middle & Latter parts much the same running S.S.W. employed fitting cutting gear ~

19

Ship Albion, South Atlantic Ocean

Tuesday 2nd January 1855. Begins with fine weather & light breezes from E to N.E. one ship in sight ~ Middle & Latter parts fine weather & light breezes. painted the Starboard Boat. Steering S.SW 12°.45' S,

Wednesday 3rd Begins with fine weather & all sail breeze from E[ASTWAR]d to NE. running S.S.W. Middle part light squalls with rain. Latter part broke out the Main hatchway for water & stowed down the sperm oil in the ground tier. one sail in sight ~ 15°.24' S.

Thursday 4th Begins with fine weather & light breezes finished & stowed off the Main hold ~ Middle part brisk winds & fine weather. Latter part much the same 3 sails in sight painted the larboard boat ~ 18° ~ S.

Friday 5th Begins with fine weather & all sail breeze from E[ASTWAR]d running S.S.W. Middle part the same from N.E. Latter part the same employed in various jobs 2 sails in sight.

Saturday 6th Fine weather & brisk winds from N.E. running S.S.W. Carrying all sail & larboard studdingsails. set up the backstays etc ~ Middle & Latter parts strong breezes from N.E. & rugged running S.W by S. one sail in sight ~ [ILLUSTRATION AT THE BOTTOM OF THE PAGE]

20

Ship Albion, South Atlantic Ocean

Sunday 7th January, 1855. Begins with strong winds from N.E & rugged with some squalls of rain running S.W by S. Middle & Latter parts much the same ~

Monday 8th Strong winds from N.E. & rugged with rain etc. took in the studding Sails ~ Middle part the same from NN.E. running SW by S. at daylight set the starboard studding Sails ~ Latter part wind hauled round by NW. to W with light breezes & heavy swells. braced up on the starboard tack. 30°.02' S. Noon

Tuesday 9th Begins with light breezes from W[ESTWAR]d & rainy. on the starboard tack Middle part the same with fine weather 5 AM. tacked to W.S.W. [L]atter part clear weather & heavy swell ~ Saw a turtle ~

Wednesday 10th Begins with moderate breezes from S[OUTHWAR]d & squally, double reefed the topails 9 PM. carried away the Fore Top gallant mast in the Cap. Latter part sent down the wreck & commenced fitting another moderate breezes made all sail again heading SW by S. [ILLUSTRATION IN THE RIGHT MARGIN]

Thursday 11th Begins with fine weather & all sail breeze from S[OUTHWAR]d & E[ASTWAR]d sent the new Fore Top gallant mast aloft. crossed the yard etc. Middle part light airs and calms. latter part brisk breezes from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack fitted backstay bolts etc ~ Saw nothing 32°.50' , S.

21

Ship Albion, South Atlantic Ocean ~

Friday 12th January 1855. Begins with fine weather & all sail breeze from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack. bent & set a new crossjack Sail ~ Middle & Latter parts much the same. course SW by S. employed making reefed Jib etc etc Saw Killing & Squid ~

Saturday 13th Begins with fine weather & all sail breeze from ES.E. steering SW by S. saw 2 sails ~ Middle part fine with light breezes from E & EN.E Latter part the same. bent a new jib & painted the waist Boat. one sail in sight ~ set the studding Sails ~

Sunday 14th Fine weather & light breezes from E & EN.E. carrying all sail & larboard studdingsails broke out the after hold for Butter etc ~ Middle part light breezes from N.E. & hauling round by N to N.W. shifted the studding Sails ~ Latter part the same with fine weather. one sail in sight. large clipper ship outward bound ~

Monday 15th Begins with fine weather & light breezes from NW. to WN.W. braced up on the starboard tack & took in the studdingsails ~ Middle part fine weather & light breezes. Latter part the same from S[OUTHWAR]d & E[ASTWAR]d on the larboard tack, one ship in sight. broke out the Main hold for Flour etc ~ saw spouts to windward but could not make them out 37°.11' S.

Tuesday 16th Begins with fine weather & light breeze from S.E to E. set the larboard studdingsails Middle & Latter part much the same. Saw a turtle ~ 38°.20' S. 49°. W.

22

Ship Albion South Atlantic near Cape Horn

Friday 26th January, 1855. Begins with fresh gales from W. & W.S.W. on the starboard tack under close reefed Fore Topsail & reefed Jib ~ Middle part moderating set double reefed Topsails ~ at daybreak set whole topsails & Jib sails, wind hauling to N.W. set Fore Top mast studdingsail. Latter part stiff breezes from N.W. set all the starboard studdingsails runing S.S.W. 54°.00' S. D. R. 62°.40' W.

Saturday 27th Begins with strong breezes from N.W. & heavy sea running S.S.W. carrying starboard studdingsails ~ 6 PM. saw Staten Land to the S[OUTHWAR]d & E[ASTWAR]d kept off S. Middle part variable winds, Calms etc ~ Latter part brisk winds from W to NW. running S. by W down the East side of Staten Land. 2 sails in company a ship & a bark. ends with light breezes from W.N.W. 55°.09 S.

Sunday 28th Begins with fine clear weather light breezes from N[ORTHWAR]d & W[ESTWAR]d 1 PM. spoke clipper ship Ocean Pearl 68 days from Boston for the Sandwich Islands ~ 2 PM. set the topgallant studdingsails running S.W by S.. 4 P.M. heavy squalls double reefed the topsails ~ Middle part strong breezes & squally from S.W to W. on the starboard tack head S.S.W. to S.S.E. Latter part the same 3 ships in sight ~ 56°.39' S.

Monday 29th Begins with rugged weather & strong breezes from the SW to W. on the starboard tack. carrying single reefed Main Topsail. 4 barks in sight, all outward bound 4 PM. saw a right whale but going to windward. did not lower. Middle part stiff breezes hauled round to N.W. & Norther set Topgallantsails over single reefed topsails ~ running S.W by W. Latter part wind hauled back to W & W.S.W. thick & rainy with squalls ~ heading S. to S.S.W. 3 sails in sight, all outward bond. Saw porpoises, struck 2 & lost them

23

Ship Albion off Cape Horn. 20 sperm

Tuesday 30th January, 1855 ~ Begins with rugged weather & strong breezes from S.W. 1 PM. wore ship to W.N.W. 4 PM. parted the backrope & carried away the flying jib boom took in T[OP]. G[ALLANT]. sails. double reefed the topsails furled Jib & Mainsail running W by S 1/2 S. with fresh gales from S to S.S.E. Middle part moderating. set Mainsail, Jib etc etc winds from SS.E to SSW. at daylight set Topgalantsails etc ~ light breezes from N[ORTHWAR]d & thick rainy wore ship to the WN.W. at 11 AM. saw several large sperm whales. lowered 3 boats. struck one of them ~ ends with thick & rainy weather & strong winds from N[ORTHWAR]d & W[ESTWAR]d boats fast to the whale ~

Wednesday 31st Begins with strong winds & rugged weather, thick & rainy. 2 PM. got the whale alongside the ship, & fluked, rove cutting gear. took in sail to close reefed Main Topsail & lay by the whale. saw 3 ships all outward bound ~ Middle part squally with rain & strong winds from N[ORTHWAR]d & W[ESTWAR]d cutting in the body of the whale [ILLUSTRATION ACROSS THE PAGE WITH TEXT: Starbard Boat, (H)....53]

Thursday 1st February 1855. Begins with rugged weather & strong breezes from N[ORTHWAR]d & W[ESTWAR]d Cutting in the body of the whale & let go the head. 5 PM. luffed to on the starboard tack under close reefed Main Topsail & Foresail head to WS.W. Middle part strong gale lying to on the starboard tack. 5 AM.

wore ship with fresh gales from S.W. Started the works for boiling. Latter part strong winds from S.W. under close reefed M[AINE] Topsail & Foresail ~ on the larboard tack head to W.N.W. saw one ship homeward bound 57°.49' South

24

Ship Albion, off cape Horn ~ 70 sperm

Friday 2nd February 1855. Begins with strong breezes from S.W. on the larboard tack. boiling. 6 PM. set double reefed topsails & reefed jib ~ Middle part the same moderating Latter part wore ship to the S[OUTHWAR]d 2 ships in sight. at noon finished boiling 53 Bbls ~

Saturday 3rd Begins with strong winds from WNW. & squally with rain. cleared up the deck. bent a new Fore Top mast staysail. heading to S.W. on the starboard tack under double reefed Topsails & reefed Jib, set the Mainsail & crossjack ~ 2 sails in sight one homeward bound. Saw porpoises ~ Middle part moderating set single reefed Topsails Latter part set T[OP]. G[ALLANT]. Sails over them heading S.W. by W. thick & rainy ~ 2 sails in sight 57°.45' S. 69°. W.

Sunday 4th Begins with brisk winds from W.N.W. thick & rainy on the starboard tack, head to S.W. 6 PM. took in Topgallantsails Middle part blowing on to a gale took in sail to close reefed topsails & Foresail. 6 AM. furled the M[IZ]z[EN] Topsail thick & rainy weather. Latter part weather cleared with fresh gales heading SW to S.S.W. 3 sails in sight. set the M[IZ]z[EN] Topsail ~ saw a finback

Monday 5th Begins with strong gales from W[ESTWAR]d & squally on the starboard tack under close reefed topsails & Foresail Middle part more moderate with squalls & a heavy sea heading S. & S. by W. 7 AM. wore ship to N.W. set Jib & Mainsail. Latter part strong gale & squally from W.S.W. on the larboard tack N.W. broke out the Fore Hold for water. Struck 2 porpoises & lost them. 2 sails in sight ~

Tuesday 6th Strong winds from W.S.W. & squally. hail etc on the N.W. tack under close reefed topsails jib & Mainsail & Foresail. Middle part moderate with squalls head from N.W to NN.W. Middle part wind hauled to the S.W. luffed up W.N.W. made sail to top gallant sails. Latter part moderate breezes & squally. Stowed down the sperm oil between decks. 10 AM. spoke ship California Manchester NB. 11 AM. tacked to the S[OUTHWAR]d in company ~ 70 sperm

Ship Albion, off Cape Horn ~ 70 sperm 23

Wednesday 7th February 1855, Begins with strong winds from W.S.W. to W. & squally. on a wind S & S by W. in company with the California, took in sail to double reefed topsails & reefed Jib. Saw another ship homeward bound ~ Middle part blowing on a gale from W. & W.N.W. close reefed the topsails, reefed the jib ~ furled the Mainsail & crossjack ~ Latter part the same head from S. to S.S.W. reefed & set the Mainsail & Jib. signalized a Cargo merchant ship lying to, showing American colors.
